THE COMBUSTION INSTITUTE

SPANISH SECTION

BIENNIAL ACTIVITY REPORT

PERIOD: September 2014 – August 2016

During this period, the Spanish Section held the 6th and 7th Section Meetings during the celebration of two specialized conferences:

- The 2nd International Conference on “Towards Sustainable Combustion” (SPEIC2014) was held in Lisbon (Portugal) from the 18th to the 20th of November 2014. The conference was jointly organized by the Portuguese and Spanish Sections of the Combustion Institute and hosted by the Instituto Superior Técnico. SPEIC2014 served the additional purpose of honoring Professor César Dopazo, on the occasion of his 70th birthday, and his scientific leadership in the fields of Fluid Mechanics, Combustion and Energy. The Conference was attended by about 100 participants from 20 countries; 6 keynote lectures were delivered by internationally recognized experts; and 60 papers were presented orally in 2 parallel sessions. A special issue of the international journal Flow, Turbulence and Combustion (Vol. 96, Num. 2) was devoted to the publication of 17 papers selected among the presentations at the Conference.
- Joint meeting of the British, Portuguese and Spanish Sections of the Combustion Institute. The conference was hosted by the British Section at Fitzwilliam College, Cambridge University (UK), 12-13 April, 2016. About 60 participants from several countries, among them 17 from the Spanish Section, attended the meeting. Forty-six contributions were presented orally in 2 parallel sessions and two invited lectures were delivered by Prof. Amable Liñán (Polytechnic University Madrid, Spain) and by Prof. Nilanjan Chakraborty (Newcastle University, UK).

At present, the Spanish Section has 88 registered members.

President:

Professor Amable Liñán
Universidad Politécnica de Madrid
ETS de Ingeniería Aeronáutica y del Espacio
Pl Cardenal Cisneros nº 3
28040 Madrid SPAIN
Phone: +34 91 336 63 40
e-mail: alinan@aero.upm.es

Secretary:

Professor Pedro L. García-Ybarra
UNED – Fac. Ciencia
Dept. Física Matemática y de Fluidos
Senda del Rey nº 9
28040 Madrid SPAIN
Phone: +34 91 398 67 43
