**2018 Canada Section of The Combustion Institute Report**

Section Website: <http://www.combustion-institute.ca/>

Section Chair: W. Kendal Bushe

List section officers and board members with titles:

Chair: W. Kendal Bushe  
Vice-Chair: Murray Thomson  
Secretary: Fengshan Liu  
Treasurer: Gaby Ciccarelli  
Members-at-Large:  
    Gilles Bourque  
    Cecile Devaud  
    Jeff Berghorson  
Past Chair: Larry Kostiuk

Members of the Canada Section:

Active Members	152
Non-Student Members	59
Student Members	93

Section meetings and workshops since 2016 with date and attendance information:

We have an annual Spring Technical Meeting (STM). This past year, the meeting was in Toronto at Ryerson University, from May 15th to May 17th, with 129 attendees. In 2017, we met in Montreal at McGill University from May 16th to May 18th, with 104 attendees.

List other activities (e.g. section journals, projects, working groups, school for students, etc.)

None. We explicitly state that the papers associated with our STM are only "extended abstracts" and do not represent publications in any sense; they cannot be and are not shared with the research community at large. This is to ensure that people can present their very latest, potentially yet-to-be-published, work to get useful feedback prior to submitting a paper to a journal for publication; this approach encourages a more frank and fruitful discussion.

List awards given by section with details:

Student travel awards are given to students who present at our Spring Technical Meeting and who will be attending the International Symposium; this year we awarded nine students from our Section \$2000 (CAD) each to travel to Dublin.

Other Information:

All attendees of our STM are considered - by the Canadian Section - to have paid their annual dues for membership in the Combustion Institute.
