2018 Egypt Section of The Combustion Institute Report

Section Website: ---

Section Chair: Prof. Mohy Mansour

List section officers and board members with titles:

Prof. Mohy Mansour

Members of the Egypt Section:

Active Members	49
Non-Student Members	43
Student Members	6

Section meetings and workshops since 2016 with date and attendance information:

- The Egyptian section shared the program organization committee with the Italian and Turkish sections of the tenth Mediterranean combustion symposium in Naples, Italy. The Symposium was held during the period 17-21 September 2017. It was very successful with more than 250 participants. A total of 167 papers were accepted and 9 plenary and keynote lectures were presented during this Symposium. A total 92 papers were selected for highly cited journal publications: Experimental Thermal and Fluid Science; Combustion Science and Technology; Flow Turbulence and Combustion and Fuel.

List other activities (e.g. section journals, projects, working groups, school for students, etc.)

- Members of the Egyptian section of the combustion institute shared the development of the energy sector in Egypt during the last two years. Renewable energy applications attracted many of the research groups.
- The Egyptian section shared the program organization committee with the Italian and Turkish sections of the tenth Mediterranean combustion symposium in Naples, Italy. The Symposium was held during the period 17-21 September 2017. It was very successful with more than 250 participants. A total of 167 papers were accepted and 9 plenary and keynote lectures were presented during this Symposium. A total 92 papers were selected for highly cited journal publications: Experimental Thermal and Fluid Science; Combustion Science and Technology; Flow Turbulence and Combustion and Fuel.
- The eleventh Mediterranean combustion symposium will be held in Tenerife, Spain during the period 16-20 June 2019. The Egyptian section shares the program organization committee with the Italian and Turkish sections. We would like to invite all members of the combustion Institute to participate.
