Postdoctoral Position in Combustion Modeling
at Prof. Zheng Chen’s lab at Peking University, China

Position Overview:
Peking University Boya Postdoctoral Fellowship is calling for applications. Outstanding candidate with experience in combustion and/or fluid mechanics is welcomed to apply for this fellowship and to join the Combustion Group at Peking University. The research projects and recent publications of Combustion Group can be found at the following website: http://www2.coe.pku.edu.cn/subpaget.asp?id=502
Details about the Boya Postdoctoral Fellowship can be found at the following website: https://postdocs.pku.edu.cn/tzgg/134996.htm

Position Description:
The research is funded by Peking University and National Science Foundation of China awarded to the Principal Investigator, Prof. Zheng Chen. It will involve fundamental research on combustion modelling. There are no specific requirements on the research topics. Basically, the postdoctoral scholar can choose the topic in which he/she is interested.

Required Qualifications:
PhD degree (received or expected) in combustion, fluid mechanics, or related fields; good background in combustion or fluid mechanics; good publication in peer-reviewed academic journals, strong oral communication skills; and a commitment to excellence and an ambition to succeed in a career in research.

Job details and application deadline:
The job duration is 24 months and can be renewed. The annual pre-tax salary is 350,000~380,000 RMB. The application will remain open until the position is filled.

How to apply and deadline for application:
Please email your CV and one-page description on your PhD work to Prof. Zheng Chen, (cz@pku.edu.cn).

About Peking University and Boya Postdoctoral Fellowship
Founded in 1898, Peking University was initially named as the Imperial University of Peking, whose establishment marked the threshold of modern Chinese higher education. Now with a community of over 40,000 students, faculty members and staff from a variety of cultural backgrounds, Peking University has become a vibrant and internationalized institution in promoting teaching and academic studies.
Boya Postdoctoral Fellowship, initiated in 2016, aims at drawing prospective young talents worldwide to conduct postdoctoral research and pursue academic excellence at Peking University, Beijing, China.
